A Sampling of Client Success

Platform For Rapid Growth

Our client acquired a large manufacturing firm poised for growth. Fortium established a high-level plan, stabilized internal resources, and developed a scalable ERP strategy.

Carve-Out Acquisition Support

Our client needed an interim CIO for a manufacturing carve-out to achieve the parent and operating company objectives on-time and on-target. Fortium delivered.

Greenfield Project

Our client acquired a biotech firm expanding into the US. Fortium identified and rectified underinvestment risks and provided extensive leadership experience in Life Sciences and GMP compliance.
